Early Bird Registration

www.survivorsabreast.com

Hello from Peterborough, Canada!

We've finally dug ourselves out from under the winter blahs... now we are ready to "spring" forward. We, the Steering Committee, along with our teammates and many volunteer organizers are running around like busy Canadian beavers, making plans, plans and more plans for your arrival in June 2010.

One piece of great news – our new website is now up and running! The communications gang will be posting news flashes, contact information, and program details, on a regular basis, so check it out at www.survivorsabreast.com.

On the registration front, congratulations go to the paddlers who have already sent in their early registration forms and payment. Remember that "early bird" registration closes September 30, 2009. Also, requests to book accommodations are coming in almost daily now.

Yes, we are getting ready for you!

We will be sending bulletins regularly to keep you up to date about plans for 2010.

Sincerely

The Steering Committee

International Dragon Boat Festival 2010
